Like a Rolling Stone – Habitat | Opening Reception

Date and Time: Friday, April 19 7:00 pm - 9:00 pm

Address: 142 12 St W, Prince Albert, SK S6V 3B5, Canada

Join us for an immersive exploration into the intricate web of relationships between land, wildlife, and humanity, as artist Heike Fink delves into one of the most urgent inquiries of our time. The exhibition will be on display from April 16 - June 22, 2024.

In their captivating exhibition "Like a Rolling Stone - Habitat", Heike Fink confronts the unsettling imbalance perpetuated by human complacency, posing a profound question: What holds greater significance - the fleeting wealth amassed through reckless exploitation of resources, or a conscientious harmony with our environment?

Drawing inspiration from the enduring vision of a harmonious coexistence within nature, Heike Fink crafts a visual narrative where rocks and animal species serve as poignant symbols of resilience and vulnerability. Through meticulously sculpted animal figures and reverent depictions of geological formations, the artist beckons us to reconsider our stewardship of the earth and the urgent need for a more sustainable approach to life.

Heike Fink finds profound fascination in the untamed expanses of Canada, contrasting it with the diminishing wilderness of Europe. In their art, nature emerges as both muse and mentor, inviting viewers to reconnect with the earth and heed its timeless wisdom.

At the heart of the exhibition lies the profound symbolism of bedrock and animal sculptures - echoes of the past and guardians of the future. Just as the ancient rocks bear witness to the ebb and flow of history, the resilient fauna serve as steadfast reminders of our collective responsibility towards the land we inhabit.

Join us for the opening reception on April 19th at 7:00 pm at the Mann Art Gallery as we journey through Fink's evocative exploration of the profound interplay between humanity and the natural world. This exhibition, recently returned from its display in Germany, promises to inspire contemplation and spark dialogue on our collective role as stewards of the Earth.

A Re-Creation Of The Johnny Cash TV Show

Date and Time: Wednesday, April 24 7:30 pm - 9:30 pm

Address: 142 12 St. W, Prince Albert, SK

We will celebrate the life and legacy of one of the most iconic figures in American music history. Johnny Cash was a singer, songwriter and performer who captivated audiences with his powerful voice, unforgettable lyrics and undeniable charisma. We will take you back in time to relive the magic and spirit of the legendary show that aired from 1969 to 1971. This TV show was a unique platform that showcased the best of country, rock and f

olk music, featuring performances by the biggest names in the industry.

This one of a kind tribute show promises to be a memorable experience as we bring together a talented group of musicians and performers to pay homage to The Man in Black and some of the biggest names in musical history ; Waylon Jennings, Glen Campbell and Linda Ronstadt, just to name a few. Each of these special guests brings their own unique style and energy to the stage. **Waylon Jennings**, known as the “outlaw” of country music, was known for his rough, edgy sound and rebellious attitude. **Linda Ronstadt** was a genre-defying artist who had success in both country and rock music, with her soulful vocals and distinctive style. **Glen Campbell** was a versatile musician who played multiple instruments and was known for his smooth vocals and catchy pop-country hits.

This re-creation of the Johnny Cash TV show will be a chance to experience the magic of that era of music, and to celebrate the lasting impact that Johnny Cash had on the world of music. Join us for a night to remember, filled with great music and great company!

Cupid's Heart - Pick Me Up Tour - with Sunset Embassy and Actor Director at Rock Trout Cafe

Date and Time: Saturday, April 27 7:00 pm - 11:30 pm

Address: 903 Central Ave, Prince Albert, SK S6V 4V2

Cupid's Heart on tour!

Come and celebrate a music tour kick off and single release in the hometown of Cupid's Heart.

See you at Rock Trout Cafe for an incredible night of music featuring Culid's Heart, Sunset Embassy (Regina), and Actor Director (Saskatoon).

Featuring delicious food for the evening by guest chef Mel from Funky Fresh!

Cupid's Heart:

A mix of the unruly and refined, Cupid's Heart blends cello, electric guitar, drum machine, and dynamic female vocals for what has been called "Chrissie Hynde Pretenders vibes with a pinch of Nirvana". This show is a part of their Pick Me Up single release tour. In 2023 they released their debut EP, Atrium, and were honored with a SaskMusic Award nomination.

Sunset Embassy:

Sunset Embassy kicks out urban prairie rock jams with sounds from the 80's/90's vibing on today's feelings. These ambassadors of the setting sun surround you like the valley with hot summer guitar licks and dreamy cool evening echoes.

Sunset Embassy pulls inspiration from strong women and seeks to diversify the music scene in Saskatchewan and beyond. The band is fronted by two Indigenous women: Anishinabe guitar player and songwriter Jori Cachene (she/her), and Cree vocalist Sophie Littlechief Carteri (she/her), and is rounded out by three queer musicians: bassist Charity Marsh (she/her), keyboardist Jaecy Bells (she/her), and drummer Collette Parks (they/them).

Based in Treaty 4 Territory aka Regina, Saskatchewan, Sunset Embassy delivers music to dodge potholes to. Formed at GRR! music camp in 2019 out of dreams of forever.

Sunset Embassy has played at Regina Folk Fest, Cathedral Village Arts Festival, and has opened for Megan Nash, Dump Babes

Make sure to follow along for tour fun.

Actor Director:

Actor Director weaves sounds of fuzzy electronic basslines, lush synth chords, and powerful, evocative vocals to create sonic compositions that strike a stark contrast to their previous musical outlets of piano pop and brat-punk. The duo's cinematic lyrics and hypnotizing melodies are essential in their songwriting; The music encompasses a mix of programming, looping, improvisation, conceptual lyricism, and experimental production, resulting in high energy Prairie-based electro-pop.
