"Smoke alarms: Make them work for you!" Fire Prevention Week October 6-12

Date and Time: Sunday, October 6 9:00 am - 5:00 pm

The Prince Albert Fire Department is teaming up with the National Fire Protection Association® — the official sponsor of Fire Prevention Week™ — to promote this year's Fire Prevention Week campaign, "Smoke alarms: Make them work for you!" This year's focus on working smoke alarms comes in response to NFPA data, which shows that the majority of home fire deaths continue to occur in homes with no smoke alarms or no working smoke alarms.

“Smoke alarms can make a life-saving difference in a home fire, but they have to be working in order to deliver the needed protection,” said Lorraine Carli, vice president of the Outreach and Advocacy division at NFPA. “This year’s Fire Prevention Week campaign reinforces the critical importance of smoke alarms and what’s needed to install, test, and maintain them properly.”

Having working smoke alarms in the home reduces the risk of dying in a home fire by more than half (54 percent). However, roughly three out of five fire deaths occur in homes with either no smoke alarms or no working smoke alarms. More than one-third (38 percent) of home fire deaths result from fires in which no smoke alarms are present.

“People tend to remove smoke alarm batteries or dismantle them altogether when they don’t know how to fix the issue. These actions put them at serious risk in the event of a home fire,” said Carli. “This year’s Fire Prevention Week campaign gives people the tools and know-how to keep their smoke alarms in working order.”

PRINCE ALBERT FIRE DEPARTMENT offers these key safety tips and practices:

- **Install smoke alarms in every bedroom, outside each separate sleeping area (like a hallway), and on each level (including the basement) of the home.**
- **Make sure smoke alarms meet the needs of all family members, including those with sensory or physical disabilities.**
- **Test smoke alarms at least once a month by pushing the test button.**
- **Replace all smoke alarms when they are 10 years old or don’t respond when tested.**

To kick off Fire Prevention Week, the Prince Albert Fire Department will be hosting an open house on **Sunday, October 6, 2024 from 1:00 p.m. to 4:00 p.m.**

We would also like to encourage schools and pre-schools to book tours of the fire hall by calling 306-953-4200.

"Smoke alarms: Make them work for you!" Fire Prevention Week October 6-12

Date and Time: Tuesday, October 8 9:00 am - 5:00 pm

The Prince Albert Fire Department is teaming up with the National Fire Protection Association® — the official sponsor of Fire Prevention Week™ — to promote this year's Fire Prevention Week campaign, "**Smoke alarms: Make them work for you!**" This year's focus on working smoke alarms comes in response to NFPA data, which shows that the majority of home fire deaths continue to occur in homes with no smoke alarms or no working smoke alarms.

"Smoke alarms can make a life-saving difference in a home fire, but they have to be working in order to deliver the needed protection," said Lorraine Carli, vice president of the Outreach and Advocacy division at NFPA. "This year's Fire Prevention Week campaign reinforces the critical importance of smoke alarms and what's needed to install, test, and maintain them properly."

Having working smoke alarms in the home reduces the risk of dying in a home fire by more than half (54 percent). However, roughly three out of five fire deaths occur in homes with either no smoke alarms or no working smoke alarms. More than one-third (38 percent) of home fire deaths result from fires in which no smoke alarms are present.

"People tend to remove smoke alarm batteries or dismantle them altogether when they don't know how to fix the issue. These actions put them at serious risk in the event of a home fire," said Carli. "This year's Fire Prevention Week campaign gives people the tools and know-how to keep their smoke alarms in working order."

PRINCE ALBERT FIRE DEPARTMENT offers these key safety tips and practices:

- **Install smoke alarms in every bedroom, outside each separate sleeping area (like a hallway), and on each level (including the basement) of the home.**
- **Make sure smoke alarms meet the needs of all family members, including those with sensory or physical disabilities.**

- Test smoke alarms at least once a month by pushing the test button.
- Replace all smoke alarms when they are 10 years old or don't respond when tested.

To kick off Fire Prevention Week, the Prince Albert Fire Department will be hosting an open house on Sunday, October 6, 2024 from 1:00 p.m. to 4:00 p.m.

We would also like to encourage schools and pre-schools to book tours of the fire hall by calling 306-953-4200.

I Have No Idea - A Play About ADHD

Date and Time: Friday, October 11 7:00 pm - 9:00 pm

Address: 125 12 St E, Prince Albert, SK S6V 1B7

Coming to the Prince Albert Public Library Mahon Auditorium this October 11th at 7pm to 9pm, Listen to Dis' Community Arts Organization presents I Have No Idea. A new play, with original music, that explores adult ADHD. A story about neurodiversity and how the power of music, the importance of friendship, and coffee can make everything better.

Fresh off runs in Regina with On Cue Performance Hub and in Saskatoon with Live Five Independent Theatre, where it was the best-selling show of each company's season, I Have No Idea is going on tour in 2024/25 as a part of our Driving Disability Culture Home in Saskatchewan initiative to inform and educate the province about disability culture and neurodiversity. The production closed to a 500 person waiting list in Saskatoon in March 2024.

Written by the award-winning playwright Nathan Coppens (he/him), directed and dramaturged by Traci Foster (she/they, Founder of Listen to Dis' Community Arts Organization) and starring Nathan Coppens and Kristel Harter (she/they), I Have No Idea is a timely and relevant work based on the lived experiences of the playwright and interviewees, featuring a team of neurodivergent artists.

"It's a fun and moving story of challenge and friendship and the team created something pretty special."

- Jennifer Brewin, Globe Theatre Artistic Director and audience member

"From your piano monologue in Act 2, I have now come to realize how much my attempts to survive and cope are linked to my addiction. So now I can get help. Thank you. So much."

- Kendra Harder, audience member

"My god. I just saw I Have No Idea. Thank you. Thank you. Thank you, thank you, thank you for this little gem of a show. It was so stressful and cathartic and, ultimately, healing."

- Shanda Stefanson, audience member

"Poignant and hilarious, and [the] music was incredibly touching. Thank you so much for a story and characters that really hit home for me. Definitely shed a few tears."

Address: Eastend Community Hall, 205 10 Avenue East, Prince Albert, SK

Saskatchewan Safety Council Mature Driver Refresher Courses. Free to attend.

Mature Driver Refresher Course.

Prince Albert Wednesday October 30 - 9am to 4pm. Hosted by the Eastend Community Hall - 205 10 Ave East. Lunch sponsored by HUB International.

The Mature Driver Refresher Course is a resource to help reinforce safe driving habits for mature drivers. It will increase confidence when navigating the rapidly growing city and highway traffic as well as provide insight into how to adapt driving habits based on the physical changes the body goes through as it matures.

Training topics include:

- Normal driving situations such as rules at intersections and following distance
- Hazardous driving environments such as skids and hydroplaning
- Review of safety devices such as seat belts and air bags
- Medication awareness
- Vision and effective use of your eyes
